Scoring includes Canada Cup, Youth Cup, JP Fiset, PWI, Xmas Cracker, Bergen International, Kamloops & Richmond

The idea is for this analysis to represent a meet that could be hosted in Western Canada in the month of December . This year I made a couple of changes to the scoring and went with total FINA points instead of a standard scoring system. I limited the results to an age group meet as this is the main focus of the majority of clubs in Western Canada and I didn't go through all the results and limit the number of scoring swims per swimmer. As such there are a couple of younger swimmers in over 10 events but I think the results give a good picture of Western Canadian age group swimming. For the scoring I did move all swimmers with provincial teams back to their respective clubs. Below is a look at where the scoring swims are achieved. Please feel free to use the results from this Virtual Meet as you see fit.
