The Manitoba Marlins Swim Club maintains a website to provide information and to highlight the activities and accomplishments of our swimmers. Occasionally, this may involve posting a picture showing an individual swimmer or a group of swimmers.

If a swimmer's picture is used:

- Personal information such as phone number, address, etc. will not be published.
- Write-ups will not include information that indicates the physical location of a swimmer at a given time other than attendance at a particular activity or meet after the fact.

Swimmer's results are also posted on our website. As this is age group swimming, the swimmer's name, gender, age, and results are automatically included in these reports. As well, in order to assist swimmers/parents or guardians in filling out entry ballots, we also post swimmer's best times.

As parent/guardian, I give:

Permission to use group photos: YES _____ NO _____

Permission to use individual photos: YES _____ NO _____

Permission to include in best times report: YES _____ NO _____

Swimmer's Name (Printed)

Swimmer's Signature

Parent/Guardian Signature

Date Signed

Please complete a separate form for each swimmer in your family.
This agreement will be in affect for the swim season for Year 2008 to Year 2009
